KIDS ON GALLAGHERS IN PRACTICE

At Kids on Gallaghers Child Care Centre, staffing arrangements are carefully planned to ensure children experience consistent, responsive and high-quality education and care throughout the day. We recognise that secure relationships with familiar educator's support children's sense of belonging, wellbeing and learning.

Wherever possible, educators remain in their allocated rooms to promote continuity of care and build strong relationships with children and families. When additional staffing support is required due to planned or unexpected absences, we utilise our own qualified educators who are familiar with the service, our routines, policies and the individual needs of the children. This approach minimises disruption and provides children with familiar faces and consistent care.

Our leadership team monitors educator-to-child ratios throughout the day, taking into account attendance patterns, children's needs, breaks and transitions. Rosters are reviewed regularly to ensure legislative compliance while supporting educator wellbeing and maintaining quality learning environments. Staffing decisions are guided by the best interests of children and reflect our commitment to providing safe, nurturing and engaging environments where every child can thrive.

CHILDREN'S VOICE IN ACTION

Children's wellbeing is strengthened through consistent relationships with familiar educators who know and respond to their individual needs.

Children's voices are supported when educators:

- Build secure, trusting and respectful relationships.
 - Respond to children's interests, ideas and emerging abilities.
 - Provide consistent routines that help children feel safe and confident.
 - Support children to express their thoughts, feelings and preferences.
 - Foster independence while providing guidance and reassurance.
 - Create inclusive environments where every child feels valued and respected.
-

Children's feedback, interests and relationships are considered when staffing decisions are made to support continuity and positive learning experiences.

EXCEEDING PRACTICE

Kids on Gallaghers Child Care Centre goes beyond legislative requirements by intentionally using staffing arrangements to strengthen children's relationships, educator collaboration and service quality.

Our leadership team carefully plans rosters to promote continuity of educators, minimise unnecessary room changes and support secure attachments for children. Rather than relying on external relief agencies, we utilise our own qualified educators who are already familiar with the children, families, service philosophy and daily routines. This ensures consistency in care, reduces disruption and strengthens children's sense of belonging.

Staffing arrangements are regularly reviewed through critical reflection, educator feedback and observations of children's wellbeing to ensure they continue to support high-quality outcomes for children, families and educators.

CONTINUOUS IMPROVEMENT

Kids on Gallaghers Child Care Centre is committed to continually strengthening staffing practices.

This policy will be reviewed through:
